

December 21, 2025: Report to the Texas Rangers

I am continuing to alert your department that Donald Trump's team is spying on my home and attempting to engage in a psychological warfare attack on my life using acoustic bombardment, charade-style sign language, and having people come up to interact with me in public.

I am alerting your law enforcement agency that Donald Trump's Presidential Administration is attacking my home in an unrelenting manner using a sophisticated spying device and the use of people all around me 24 hours a day and 7 days a week.

I have no faith in law enforcement any more because you are all clearly protecting a mafia-boss as he commits crimes against innocent Texas citizens.

Truly, I have done my part to be the law-abiding citizen and his team continues to destroy the peace and happiness of our home without any oversight, consequences, or accountability to the rule of law.

They are even using the first responder sirens to taunt me in my home at this very moment. This is a disgrace to the Texas police!
